GLOBAL TV SERIES 'ADVENTURE ALL STARS' FILMING IN BLUE MOUNTAINS FROM MONDAY 21 AUGUST – FRIDAY 25 AUGUST 2023

New South Wales' Blue Mountains will headline the second episode of the fourth season of the socially conscious global television series, 'Adventure All Stars' – the TV travel show with a difference! Real People. Real Emotion. Real Adventure.

With filming starting on Monday 21 August, 13 authentic and philanthropic cast members from across Australia will experience the best of the Blue Mountains including horse riding, abseiling, canyoning, 4WD'ing and visiting local wineries.

As Australia's only socially conscious TV travel show, Adventure All Stars features an all-new line-up of authentic cast members in each episode. Prior to the commencement of season four, all cast members raised funds for Australian charities, and their reward is the trip-of-a-lifetime with Adventure All Stars.

All net proceeds from the TV series are gifted to Australian charities. Funds raised via the Blue Mountains episode will support Australian Horizons Foundation, Financial Basics Community Foundation, Kokoda Youth Foundation and Possum Valley Animal Sanctuary.

The most recent season of Adventure All Stars generated close to \$1.2 million for Australian charities - making the show one of the biggest contributors to philanthropy of any TV series in the world. The third season of the series has just premiered and is now available via 7Plus in Australia and the Outdoor Channel globally.

"We are so excited to host the Adventure All Stars in the Blue Mountains and can't wait to see the episode unfold. Sustainability, the environment and helping others are tenants of our tenure here as guardians of this World Heritage-listed area. We are blessed to work, live and play in one of the most fantastic landscapes on Earth, so it's only right that we share those blessings with others," said Blue Mountains Tourism President and Fantastic Aussie Tours Owner, Jason Cronshaw.
